

## 2010 – 2011 Kindergarten Enrollment

Oak Grove School is in the process of determining kindergarten enrollment for the fall of 2010. Having correct enrollment numbers is important to us as it impacts the number of sections, teachers, and classrooms. A child must be 5 years old on or before September 1, 2010 to attend kindergarten.

If you have a student who will be coming to kindergarten, please call Debi Shaffer at 847-367-4120 ext. 3019 and leave a message with the following information:

Child's name, birthdate, gender, parent names, address, phone number, email address and an AM (8:20 am – 11:00 am), PM (11:50 am – 2:30 pm), or Plus Day (8:20 am – 2:30 pm) preference.

We will continue our Plus Day kindergarten program option in the fall of 2010. This program does require parents to pay a participation fee. Last year the cost was \$2,800. Availability of Plus Day kindergarten may be limited. The number of seats available for Plus Day will be determined when we are able to obtain an accurate number of the total kindergarten students for the fall. If the number of interested students for the Plus Day kindergarten exceeds the number of seats we are able to make available, we will have a lottery to determine participation.

We would also like to hear from you if you have a child or know of a family that will be registering a 1<sup>st</sup> grade student for Fall of 2010 that is not currently enrolled in kindergarten at Oak Grove. Questions regarding early entrance into kindergarten should be directed to Dave Karolewicz at 847-367-4120 ext. 2003.

### Important Dates

- |            |   |
|------------|---|
| March 8    | Kindergarten Parent Information Night @ 7:00 pm<br>Teachers will talk about the curriculum and half day and Plus Day programs |
| March 19   | Plus Day Applications and deposits due  |
